The rates return provided are the returns of the segregated funds. With the exception of the Milestone Funds if applicable to your plan, the rates of return have been linked to the performance of the underlying investment fund to provide a longer performance history. The returns of the segregated fund will not exactly match those of the underlying investment fund. The returns provided are stated before investment management fees and include the reinvestment of all distributions. They do not take into account any administrative charges or taxes payable that would have reduced returns. Past performance may not be repeated.
