D Quebec residents only: Confirmation of coverage through a group benefits plan or through Régie de l'assurance maladie du Québec (RAMQ).

Quebec residents must have health coverage through the Régie de l'assurance maladie du Québec (RAMQ) to be eligible for a PHI (Personal Health Insurance) or HCC (Health Coverage Choice) policy. Quebec residents must also have and continue to have group drug coverage provided by an employer or through membership in an order or association or, if not, through RAMQ to be eligible for a PHI or HCC policy. A person not covered under a group benefits plan or through RAMQ is not eligible for coverage under this policy. All prescription drug claims must first be submitted to your group benefits provider or RAMQ; any remaining unpaid portion that is eligible under this policy can then be submitted to Sun Life Financial for reimbursement.

Please select the appropriate response:

- I am confirming that I (and spouse/dependants if applicable) have and will continue to have the RAMQ prescription drug insurance and the RAMQ medi-care insurance.
- I am confirming that I (and spouse/dependants if applicable) have and will continue to have the prescription drug insurance through a group benefits plan and to have the RAMQ medi-care insurance:

First name of family member insured under this group plan	Last name
First name of family member insured under this group plan	Last name
First name of family member insured under this group plan	Last name

I understand I/we need to submit claims to the group plan first. Any remaining claims should be submitted to Sun Life Financial to be coordinated.

- I do not have RAMQ medi-care and RAMQ prescription drug insurance or group prescription drug insurance. I do not wish to proceed with my application.

Personal Health Insurance/Health Coverage Choice is not a substitute for RAMQ; therefore you cannot opt out of RAMQ because you

have a PHI or HCC policy. You must obtain RAMQ prescription drug insurance if your group drug coverage ends and you do not have access to another group drug coverage.
