

# Tele-Interview

## PREPARATION MATERIAL

As part of your insurance application, you'll receive a call from Sun Life at the time of your choosing to complete a tele-interview.

### What is the Tele-Interview?

Completing a tele-Interview is the most efficient way to collect relevant information needed to assess your application. We will ask a series of questions about your lifestyle, personal medical history and immediate family's medical history. We will ask questions that are personal in nature. The questions may include dates of diagnoses, treatment details and the status of any conditions. On average a tele-interview takes 25 minutes. The length of the interview varies depending on your history. We will verify your identity to ensure confidentiality and the call will be recorded.

### Here's a quick checklist of what you need to prepare for the call:

#### Your family doctor

- Name
- Address
- Phone number
- Last visit

If you consulted a specialist, we might ask you for their contact information.

#### Medical Information

- Dates of checkups and follow ups
- Name of medications
- Personal information, for example: height, weight

If the application is for a minor, please prepare the same information.
