

Protect your eyes and ears with PVS

Preferred Vision Services Inc. (PVS) is a network of more than 1,000 health care service providers across the country.

As an added feature of your group benefits plan with Sun Life, PVS offers savings on products and services for your eyes and ears.

The best eyewear savings in sight

At PVS preferred providers, you can save up to 20% off the cost of prescription eyewear such as frames, lenses and contact lenses.

You can save even more if you order online. Order contact lenses from a PVS Home Delivery Service Provider and you can get a discount of up to 50%. And if you decide to have laser eye surgery, you can save 10% through a laser vision correction provider in the network.

Many locations will also apply your PVS discount to other eyewear and accessories, such as sunglasses. Ask your local provider what they will include.

Shopping through PVS is easy

Finding a preferred provider near you is simple. Either visit the PVS website or call the PVS information centre toll-free.

After selecting your purchase, show the PVS card included in this brochure. It confirms that you are covered under a plan with Sun Life – and you pay the reduced price.*

Savings that are music to your ears

PVS also offers up to 10% off services to correct your hearing. If you think you might need a hearing device:

- Call one of the PVS preferred providers to schedule a hearing test with their audiologist.
- Visit a PVS preferred provider to shop for hearing devices.

* Discount may not apply if a store sale or special promotion is in effect. Ask the PVS provider for details.
